BID Objectives

Report Overview

This report has been produced to give an overview of the ongoing cleansing and graffiti removal carried out by the Redcliffe & Temple BID within it's boundary.

Executive Summary

This section summarises the key areas and tasks covered during the past month. Further detail on each work activity and location is included within this report.

January was the first complete month of the new BID cleansing partnership with Bristol Waste. The team worked hard to ensure pavement areas, high contact locations and levy payer premises were kept clean, inviting and sanitised. The cleansing team started a thorough deep clean of the pavements of Victoria Street which is one of the busiest streets within our area. There is a notable amount of unwanted graffiti and tagging within the area and the team removed 233 items of graffiti from over 112 different locations. The team are working very hard to carry out removal of unwanted graffiti promptly and efficiently, ensuring that levy payers building facades and windows next to street furniture and other general locations are restored back to a clean state.

Deep Cleansing

Summary of monthly activity.

The cleansing team started a thorough deep clean of the pavements of Victoria Street and the Temple Bridge Underpass which are both highly frequented by pedestrians. The team also supported the Ibis Hotel and the Mercure Bristol Holland House Hotel.

Graffiti

Summary of monthly activity

The cleansing team utilised their skills and training in the removal of graffiti, using chemicals and specialist equipment to remove stubborn graffiti and use certain products to help reduce the risk of repeat tagging in certain areas.

*note that an occurrence constitutes a job or single incident of graffiti. Each occurrence may contain various graffiti items to be removed i.e. 1 occurrence and 4 items / tags of graffiti may need removing.
